Project contributes to

Contribution to UNESCO Results Framework 2022-2025

Sector: Natural sciences

Outcome 3 - Enhance knowledge for climate action, biodiversity, water and ocean management, and disaster risk reduction

Output: 3.SC1 - Inclusive knowledge and capacities of Member States strengthened to advance and apply science for sustainable management of natural resources, ecosystem and biodiversity conservation and restoration, and disaster risk resilience

Contribution to Sustainable Development Goals

100%

UNESCO Global Priorities and Priority Groups

- Gender Equality | 5%
